Oregon State Fair

Thank you so much for sponsoring our Summer Reading Program this year! With still three weeks to go, over 2,600 children and teens have registered for the program, gotten a free book, read hundreds of hours, and earned incredible prizes. We could not have done this without your help. The continued support of our local and larger Oregon community is heartwarming, not only for us as an organization but for all of our families and participants. The impact you've made through your donation is tangible and meaningful.

As we're looking forward to the school year in 2016-2017, we have a whole new curriculum in the works. In summer of 2017, we'll be returning with a reinvigorated Summer Reading Program themed "Build a Better World". Until then, we just want to say *thank you!*

Sincerely,

Taylor Worley & The Entire SPL Staff
