OPEN CLASS PARTICIPATION STATEMENT AMERICAN ANGUS ASSOCIATION

The American Angus Association, 3201 Frederick Avenue, St. Joseph, Missouri, will participate in premiums offered for open class Angus breeding cattle classes according to the premium schedule based on the number of head shown. The premium assistance provided by the American Angus Association for participation in this show is in addition to the premiums offered by the show itself. The premium assistance should not be used to offset show expense and shall be included in the premium payments distributed by the show to the exhibitors.

A minimum of **50** head must be shown in the open class division to receive American Angus Association premium participation for the following year.

Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the association's portion of premiums. The Association does not pay on championship or any group classes, (i.e. get-of-sire, junior get-of-sire or breeder six-head).

Exhibitors must have the original registration certificate on each animal available for inspection at the show. **Electronically stored registration certificates are NOT accepted - only the original certificates issued by the American Angus Association.** Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-tattooed and rechecked at the show.

Any female shown with calf at side, the calf must be the cow's most recent natural calf and the calf must be registered by show date and have the original registration certificate at check in.

Only one person at a time shall lead animals into the show ring.

Exhibitors who participate in shows that accept premium monies contributed by the American Angus Association are subject to the Association Rules as found in the Breeders Reference Guide of the Association. These rules are found in Part 2; Association Rules. The rules relating directly with the exhibition of Angus cattle are Part 2: Association Rules; Rule 800 Series; including Rule 800 - 811. These rules can be found at www.angus.org.

Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair), use of graphite, powders, hemp or other similar substances externally and steroids, growth stimulants or artificial filling internally. Any animal found to be in violation will be barred from showing. The exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.

At any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, individuals assisting exhibitors or member owners at such show shall be allowed to use any coloring agents, on any animal exhibited. The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" test. No aerosol cans or other pressurized containers will be allowed in designated make up areas.

All animals exhibited are subject to DNA marker or blood type test to verify accuracy of parentage as covered under the Association Rules and for other testing as required by the individual show.

Authorized representatives of the Association have the authority to enforce the rules set forth herein as well as in the Association Rules, including the barring of a registered animal from a livestock show at which it is to be shown, if there are reasonable grounds to believe a violation has occurred.

ALL GENERAL AND BEEF RULES/POLICIES APPLY

ADDITIONAL TEXAS LONGHORN RULES AND REGULATIONS

Classes are open to all Texas Longhorn registered animals. All rules of the International Texas Longhorn Association apply. The ITLA's Standard Rule Book customarily splits yearling and two year old bull and heifer classes into multiple sections. Due to space limitations and the average birth dates of previous entrants, these classes have been combined and run concurrent. However, the 2008 CTLA Show Committee may choose to split the 2008 and 2009 combined classes into multiple classes, if there are sufficient entries (2 or more animals) to justify the additional class and allow younger animals to compete with animals within their own age bracket. Any split in the published class schedule will be made in accordance with the ITLA's published Standard approved Class Schedule. To qualify 2008 bull and heifer calves for the National ITLA World Show, calves have to be 180 days old on the day of the Regional High Point Legacy. Show. The OSF CTLA Show Committee will accept all 2008 weanling entries; however, younger calves competing will NOT qualify for ITLA Merit Points. Rules that apply to the ITLA Legacy Open Show also apply to the youth show. When questions arise concerning items not covered by the rules as stated in the ITLA Standardized Rule book the CTLA Show Committee will make the decision and their decision will be binding. CTLA Show Committee contacts: A. C. Hutchinson, PO Box 737, Oregon City OR 97045; Dayton Preble, 22245 S Lwr Highland Rd, Beaver Creek OR 97004; Cindie Summerfield, 34253 Tub Run, Harrisburg, OR 97446; Cindy Schweiger, 20775 S Bluebird Ln., Estacada OR 97023.
www.cascadetexaslonghornassociation.com

Cow/Calf pairs will show together and any female over the age of 30 months must either have a calf at side or have a veterinarian's health certificate to certify that the cow is safe with calf. **A calf shown with cow cannot be older than 221 days of age.**

If you have questions call Cindie Summerfield at (503) 995-8046.

All bulls must be shown at halter with nose rings. The following exception applies to 2009 born bulls. They will be shown with halter only. Bulls will be tied in pens.

Due to space limitations, there is a **limit of three pens per exhibitor**. Entries will be accepted by postmark date on entry form. If you wish to be considered for additional space, please list alternates and number of pens on bottom of entry form and pay entry fee. If additional space is available, exhibitors will be notified by phone. If space is not available, you will be refunded entry fees for alternate animals.

Breeders must have original registration papers in hand at time of check-in. No photocopies, fax or phone calls allowed. Pen assignment to be made by the Texas Longhorn show committee and the Oregon State Fair Beef Superintendent. All assignments will be final.
