## DAIRY GOAT PREMIER BREEDER AND EXHIBITOR AWARDS

**Premier Breeder Award:** A banner and premium award will be given to the breeder who accumulates the most points from the placing of eight or fewer animals bred himself and exhibited by either himself or other exhibitors and shown in the open single age sections. A senior doe can earn points toward the premier breeder award either from her placing in her age class (08-13) OR from her placing in class 16 whichever gives the highest number of points. See table below for point determination for each placing.

**Premier Exhibitor Award:** A banner and premium award will be given to the exhibitor who accumulates the most points from the placing of eight or fewer animals owned and exhibited by himself regardless of breeder and show in the open single age sections. A senior doe can earn points toward the premier exhibitor award either from her placing in her age class (08-13) OR from her placing in class 16 whichever gives the highest number of points. See table below for point determination for each placing.

**Determination of Premier Breeder and Exhibitor** - The points for each of the top placing eight or fewer animals as described above will be added together. The highest total will receive the award. Points for each placing will be assigned according to the following tables:

### ONE DAY ADGA MILK TEST

There will be an ADGA One Day Milk Test for any dairy goat senior doe entered in the Oregon State Fair open classes. There is an additional fee of \$10/doe which will be paid at the time of the test. This fee will pay for the ADGA One Day Test Application fee, the supervisor’s fee, and the sample fee for those NOT using the One Day Test as a herd verification test.

Open class dairy goats are scheduled to arrive on Friday, September 2 from 6:00AM to 12:00PM. The One Day Milk Test will begin on Friday, September 2. You will be required to be in place for the ADGA One Day Milk Test by 8:00AM Friday, September 2. You will sign up for a specific time to milk your does. If you are using the One Day Milk Test as a Herd Verification Test or to replace a regular monthly test, you must bring all of your test paperwork. You will pay your “normal” monthly test fees to the appropriate DHIA in addition to the per animal fee mentioned above. If you are using the One Day Milk Test to verify specific does but not the whole herd you need only bring their registration papers to the test.

The schedule for the One Day Milk Test is as follows:

1. The 1<sup>st</sup> milking will begin at 8:00AM on Friday, September 2. At this time tattoos will be checked, registration numbers will be checked against registration papers, the milk will be weighed and recorded and/or the doe’s udder will be checked for complete milk out. It will not matter what time you milked your does on Thursday morning. This milking is to confirm the udder is empty at the beginning of the test cycle.
2. The 2<sup>nd</sup> milking will be 12 hours later, Friday evening. At this milking the milk will be weighed, the pounds of milk recorded and a milk sample will be collected for component testing.
3. The 3<sup>rd</sup> milking will be 12 hours later, Saturday morning. At this milking the milk will be weighed, the pounds of milk recorded and a milk sample will be collected for component testing.

**TOTAL PERFORMER COMPETITION** – This award is to support animals that excel in three performance areas. Points are allotted based on (1) DHIA records, (2) linear appraisal scores, and (3) placement in the doe’s age class at the Oregon State Fair. Your doe must have all three of these records to compete in the Total Performer Competition.

The award will be given to the highest qualifying doe from each breed shown. This award is supported entirely by individual donations. The sum of the donations will be divided equally among the breeds represented. Winners and donors will be announced.

Fill out an entry form at the time of check in. You will submit (or show) copies of the doe’s appraisal score and DHIA record (ILR). Only official records will be available at check-in. The records do not have to be the most recent but the production record must be a single lactation of 305 days or less. Please highlight the record you want considered. Does must be shown at the Oregon State Fair. There is no entry fee for this award.

Points are given so that production points (milk, fat and protein) are roughly balanced with type points (linear appraisal and class placing).

**TYPE SCORE:**

- A. Appraisal score is calculated by multiplying the actual score x 2 (Example: FS 90 x 2 = 180 points).
- B. Placing score is calculated by multiplying the class placement points (see premier breeder and exhibitor section) + the udder placing (5 points for 1<sup>st</sup> udder, 4 points for 2<sup>nd</sup> udder, 3 points for 3<sup>rd</sup> udder) x 7.2 (Example: 1<sup>st</sup> place with 1<sup>st</sup> udder = (20 + 5) x 7.2 = 180 points).

**PRODUCTION SCORE:**

- A. Milk Production – Standard Breeds is calculated by multiplying the pounds of milk x 0.072 (Example: 2500 pounds x 0.72 = 180 points)  
  
Milk Production – Miniature Breeds calculated by multiplying the pounds of milk x 0.25 (Example: 720 x 0.25 = 180 points)
- B. Fat + Protein – Standard Breeds is calculated by multiplying the actual pounds of fat + the actual pounds of protein x 1.14 (Example: (85 + 72.5) x 1.14 = 179.55 rounded to 180)  
  
Fat + Protein – Miniature Breeds is calculated by multiplying the actual pounds of fat + the actual pounds of protein x 2.27 (Example: (46.8 + 32.4) x 2.27 = 179.78 rounded to 180)

**FEATURED DIVISION/ SPECIALTY BREED CASH AWARDS** – The following cash awards are donated by Bill and Chris Strickland of Le Chevrier French Alpines, Oregon City, Oregon, and will be given in the Featured Division/Specialty Breed only

These classes will immediately follow the judging of the open class champions. Youth champions will also compete for a Youth Best in Show award. Note: As per ADGA rules, these youth champions will not be eligible for a championship leg unless the animal wins the open class division as well. The youth show is NOT separately sanctioned by the American Dairy Goat Association.
4. It is the responsibility of the youth entering to be sure the person checking their goats in knows which animals are to be included in the youth show. If they are not identified at that time they will NOT be included in the youth show.

### **OREGON STATE FAIR EMBEDDED PYGMY GOAT YOUTH SHOW**

There will be a Pygmy Goat Youth Show embedded within the classes of this year’s open pygmy goat show.

The following rules apply:

1. Animals must be registered under the name of the youth participant or in a membership that names the youth as part of the membership. For example: The Jones Family, John, Mary, Jeff and Ted.
2. Animals will show in the regular open class age divisions and classes. Normal Oregon State Fair entry fees and deadlines will apply.
3. The highest placing youth animals in each age division and class will come back for a special championship class in each breed. These classes will immediately follow the judging of the open class champions. Youth champions will also compete for a Youth Best in Show award. These youth champions will not be eligible for a championship leg unless the animal wins the open class division as well.
4. It is the responsibility of the youth entering to be sure the person checking their goats in on Tuesday knows which animals are to be included in the youth show. If they are not identified at that time they will NOT be included in the youth show.
